Whereas the corporate Appellant’s Designated Representative and principal (Mark Leeb, hereinafter referred to as “Leeb”) was sanctioned by the Council in a separate decision based on the same factual basis as that found in this appeal;

And Whereas Leeb commenced an appeal of that separate decision (the “Leeb Appeal”);

And Whereas the Leeb Appeal was heard by a differently constituted panel of the Insurance Councils Appeal Board of Alberta (per Langley, Chair);

And Whereas the panel hearing the Leeb Appeal issued a decision on March 13, 2014 that imposed a two week license suspension on Leeb and ordered the remittance of the appeal fee to the AIC;

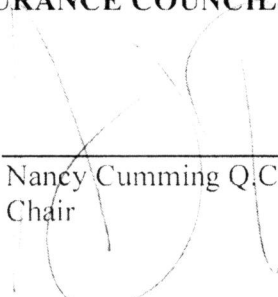

And Upon the joint request of the Council and the Appellant that this Panel adopt the reasons found in the Leeb Appeal and order that the Appellant serve a similar two week suspension to run concurrently with that served by Leeb in the Leeb Appeal;

And Whereas the Panel recognizes that it is in the public interest to accept the joint request by the Council and Appellant;

The Panel hereby accepts the joint submission of the Council and Appellant and orders that the Appellant's certificate of authority be suspended for a period of two weeks to run concurrently with the suspension ordered in the Leeb Appeal; and
